President's Message

Those of you who got my last post on our Yahoo group page may have noticed the disconnect between the title and the information about Bluebird Yarn and Fiber Crafts in Sausalito in the body. I titled the post "Back-Stabbing in the Knitting World," decided not to talk about that, and hit "Send" before I remembered to change the title! Something that has happened to us all, right? What I started to do, and decided to save for this newsletter, was report that Sophia Kurnik, the owner of Bluebird, went to various yarn stores introducing herself before she started her new business. She included Atelier Marin in her round of visits. After she left there, Atelier's owner, Amanda, called the yarn distributors to tell them not to sell yarns to Sophia! This to me is the opposite of the spirit of knitting, and provides further evidence that

the spirit of sharing, and mutual support and of inclusivity is not present at Atelier in San Anselmo. I have boycotted that store personally after they refused display our brochures, and have urged other knitters to do the same. This most recent example of nastiness confirms what I've known all along. I will continue to shop at Dharma, Marin Fiber Arts Yarn Shop, and now Bluebird. Tell your friends to do the same! I look forward to a productive and cooperative 2009 with all of you. Happy New Year!

Elaine Johnson
President
